2021 & READY FOR FUN

A year in review and a look at what's next!

PAWS Shelter of Central Texas

THANK YOU!
2020 IN REVIEW

As we look back on 2020, through all the financial stress and worry, we here at PAWS Shelter of Central Texas have one major component of 2020 we are grateful for:

YOU!

With 2021 on the horizon, we want to remind ourselves of the highlights of this past year. The world paused in March and we held our breaths in anticipation of what we thought would be a two-week quarantine. We made adjustments to continue our life-saving work within the Covid restrictions and came up with processes that allowed us to continue serving the community safely. When deep in the heat of summer our Kyle facility AC failed, you helped us stay cool! The unexpected $9000 expense in the middle of the pandemic was potentially devastating but you came to the rescue with over 75% of the replacement cost in donations within 48 hours of our plea for a new unit! Wow! Our friend Chris from Nemac Heating and AC was able to install our new unit in days. Another highlight of 2020 was the expansive new "Catio" sponsored by Roger Beasely and created by Bob from "Affordable Catios" that was completed in November. As the months rolled by, we realized we needed to pivot our annual fundraising dinner "Bone Appetit" into our first ever virtual fundraiser, "*Bone Appetit Online.*" We continued our virtual journey with a knockout "*Giving Tuesday*" raising just over double of last year! All of this on top of the outpouring of generosity of good Samaritans donating food, bedding, and so much more.

From the bottom of our hearts, we thank you.

In 2021 we will be celebrating the 35th Anniversary since Miriam McCoy opened the doors of PAWS Shelter in 1986 and began saving lives. As a no kill shelter we've been committed ever since to finding animals in our care their forever homes, no matter how long that may take. We look forward to all of the work we will continue to accomplish together this coming year!

THE CATIO

This year we were blessed with an incredible donation from Roger Beasley of a "Catio" at our Kyle site. Bob from Affordable Catios built this incredible 400 square foot outdoor space that has improved the lives of our cats and increased adoptions at our Kyle location! Opened this November, the new addition has doubled our outdoor space, allowing social distancing to work with the public safely.
